

I am very concerned that listener supported stations, such as KLOVE are in jeopardy of losing their priority to LPFM stations. KLOVE serves as my only source of news and music and the impact on the community is critical. KLOVE provides a necessary and positive balance to the negative, foul, and offensive stations broadcasting today. Our children need an alternative, which KLOVE provides today. Please do not give the LPFM stations priority ,which will effect stations like KLOVE and our community. We must maintain a positive way of receiving news and music without offensive.

Thank you.
